

GOSTELOWS

Bespoke Vinyl Bags & Leather Goods

SINCE 1926.

OUR HISTORY

Founded in the historical city of Hull in 1926, Gostelows has been a family run business since day one, with a strong family work ethic and close working relationship between all departments as one of the longest standing leather bag, vinyl bag and knife sheath design and manufacturers in the UK.

In the '40s and '50s, we were one of the largest handmade suitcase and satchel manufacturers in the UK, employing over fifty people with a purpose-built factory.

Gostelows has moved forward with the times manufacturing bespoke and custom products for a large number of companies in several industries throughout the years. Each member of the team with a passion for the craft and the tasks to hand.

In February 2019 Fentex limited bought Gostelows and they are now a part of the Fentex Family of companies. This provides increased UK distribution and administrative support together with substantial investment in manufacturing and new product development.

Our leather division is famous for our hand made satchels and bags and is the UK's leading manufacturer of knife sheaths, from small pocket sheaths to M.O.D issue military/navel knife sheaths.

We only source the finest leather for a high quality feel and finish, working with only the highest quality split-grain and bridle leathers.

Our design team is dedicated to bringing you the highest quality whatever your needs.

With products ranging from the classic satchel, leather tote bags to Macbook cases, we make products that will last for years, to be handed down from generation to generation.

Over the past thirty years, we've become number one for bespoke vinyl bags, covers and holdalls which are widely used across the Spill Control, Automotive, Healthcare, Construction, PPE and Safety Equipment industries in the UK and Europe.

We produce vinyl bags and holdalls with zip or Velcro fastenings and make any shape or size. Offering a wide range of colours and options with carry handles or clip-on straps.

*Quality lasts for years
and can be handed down
from generation to generation*

GOSTELOW'S & FENTEX

Fentex Limited is the largest Spill Control manufacturer in UK with the largest range of spill control products designed, manufactured and packaged in the UK.

As part of the Fentex family we proudly produce the entire range of Fentex vinyl Spill Kit bags and holdalls, Leak Diverter kits and drain filters as well as a number of bespoke products for their industry wide distributor base.

CUSTOM OR BESPOKE VINYL BAGS

Our screen printing service means we can print company branding or information/title panels to suit your needs. We can print up to five colours on any of our products, ideal for helping you establish your brand identity in the daily operation of your business.

Our design team is dedicated to bringing you the highest quality product whatever your needs, whether it be a small holdall to store in a vehicle or a large emergency response bag.

Now as part of the Fentex family we aim to go from design to delivery in a three-week time frame.
